Workshop Code: PSW

The aim of the class is to learn how to expose a silkscreen using the workshop's UV light table confidently and complete a two colour screen print.

This class will cover the following:

- Coating screens
- Exposing screens using an A4 b/w image with the UV light table.
- Creating a paper background stencil
- Printing the two screen composition on paper or fabric using 2 colours
- Cleaning and care of screens
- Use of workshop's equipment.

Participants need to bring the following:

- Basic art resources: pencil, scrap note paper etc
- Ideas or completed composition for a 2 colour print
- Provide tutor with a b&w image maximum size A4 a week before the workshop, as a jpeg emailed to the tutor. The image needs to be a very clear black & white image, no grey or light colours.
- Food for the day.
